

The best cure for  
the flu is to hug a  
branch and take a nap

## Absurd?

It makes as much sense as taking antibiotics  
for the flu, a fever, or aches and pains.

If used improperly or without a prescription, in  
people or animals, antibiotics can develop  
resistance and may not work when you really  
need them.

**ANTIBIOTICS**

TAKE THEM SERIOUSLY
